

Rainout Policy-Pit Bands

A new Rainout policy/ or any reason we would have to cancel an event.

We are changing our rainout policy, because, as we get into weather/ reasons for cancellations, there are cost to all of us. For us, employees, ambulance, fuel, tires, food, insurance. In the event we have to cancel before features, here is the new policy.

If races are canceled, you must retain pit bands for Any Credit. **NO CASH REFUND/CREDIT CARD SALES.**

Once you have entered the back gate to the pit & started hot laps, this is considered like a (Test & Tune). Only ½ credit for that band will be given.

Driver Only- if you have qualified but not raced in your feature, you will be given ½ start pay next time your division races again, added to your purse. **No Credit** will be given on your band.

Destruction Driver Only-that have filled out Destruction form, but not raced in a Destruction feature will be given ½ credit for their band, next time at the track.

If features have started **No Credit** on any bands in the pit. Only what is said in above policy.

Be sure to hang on to your band!
